

# Navigator 525 Laser

Professional turbo scroll laser mouse

Genius adds a fantastic turbo scroll laser mouse - *Navigator 525 Laser* to its popular *OptoWheel* mouse family, featuring with breakthrough finger-contact scrolling technology, it brings you to the generation of a new scrolling experience.

Built-in with 1600/800 dpi adjustable laser engine, the mouse works in its excellence under different screen resolutions of 1024 x 768 pixels and 800 x 600 pixels and with Genius laser technology, the mouse is more precise in cursor accuracy, quicker response in movement and more and it delivers a much smoother tracking performance than regular optical mouse. In addition, the mouse is enabled with Vista features such as *Flip 3D* application for three dimensional viewing of opened windows, *Photo Gallery* for DV or DSC editing, *Smart IE search* for quick IE search and *Zoom In/Out* to magnify or reduce for the document viewing size.

Thus, for an innovative product that is comfortable in either hand, and has Vista features to enhance your working efficiency, there is no better value than the *Navigator 525 Laser*. Contact your sales representative now for more information.
